- 25X1A [REDACTED] Comment. Both the present report and a previous report [REDACTED] indicated that the 112th Gds Mtz Rifle Regt of the 39th Gds Mtz Rifle Div was stationed at the post between late July and 6 September. [REDACTED] Reports on military rail movements allowed the conclusion that the regiment had been at Ohrdruf in July. The JS tanks observed taking part in the regiment exercise belong to the 220th Hv Tank SP Regt from Glauchau, which together with the 30th Gds Mtz Rifle Div was repeatedly identified during exercises in this area.
